

Matrix Depository Safes

Features

- ▶ Unique product developed to resist armed robbery in the modern retail outlets.
- ▶ The storage portion of the depository safe is fire & burglar resistant.
- ▶ Drawer functions as a hopper through which the cash deposits are made.
- ▶ The safe has been reinforced with armour plate in the inner body and steel bar reinforcement in the door & body
- ▶ Barrier thickness of 58 mm in the body and 50 mm in the door fortifies both the door & the body.
- ▶ By default the safe comes with two key locks on the safe and one key lock on the drawer.
- ▶ Optional electronic or combination lock can also be provided in place of key lock.
